

Mrs. Becky Flores

I have been employed at St. John the Baptist for seven years now. My career as a volunteer began in the school when my youngest of three boys was in first grade. All three of my sons attended and graduated from St. John the Baptist, but my youngest was the only one to attend from Kindergarten thru eighth grade. As a volunteer, I filled many positions where help was needed: in the nurse's office, the library, as room mom, with the yearbook and anywhere I could be of assistance.

My first official position was working in Helping Hands with Mrs. Mis as the supervisor. I was offered the supervisory position when Mrs. Mis moved on with the next chapter in her life. It was my turn to carry on the tradition Mrs. Rokacz started. She initiated the Helping Hands program to assist the parents who worked and were in need of a before and after school child care program they could trust. The children are continuously monitored while they are under our supervision, encouraged to start or complete their homework and offered assistance where needed. We also provide a safe and acceptable recreation environment along with a snack and beverage of juice or milk.

Approximately two years ago, a part-time position was offered in the office with Mrs. Shebish as the executive secretary. I applied, seeing that I had several years of previous experience with Meade Electric and N.T.C. Electronics, where I worked a surplus of ten years. Prior to my employment with Meade and N.T.C., I worked in the payroll department at Goldblatt's. I have just celebrated my 30th wedding anniversary with my husband and high school sweetheart Michael.
